All work must be carried out by a qualified trades-person and licensed contractor for licensed trades ie: electrical, plumbing and gas.

Private Owner must hold a current Contents Insurance policy that incorporates personal liability cover for the duration of the construction, installation, improvements or additions.

Building plans (if required) are to be submitted to the local shire or council and Water Authority where necessary following Strata Management's & the Strata Councils approval.

Copy of the council or shire permit/approval and plans to construct or install are to be provided to the Council of Owners of the Strata company prior to any work commencing together with a copy of the current Contents Insurance that incorporates personal liability.

Sails may also require approval by council or shire and neighbours as the posts may be on the boundary/fence line.

6. Indemnity and Warranty

The lot proprietor understands accepts and warrants that the alteration they propose will only be accepted by the Strata Company subject to the lot proprietor (including any future lot proprietor) being liable for any and all ongoing costs of maintenance or repair and further to this the lot proprietor indemnifies and keeps indemnified the strata company against any cost, claim or damage or action that may arise as a result of the alteration, fitting or equipment being in place.

7. Serviceability/Replacement

At the lot proprietors cost and further with the proposed fitting/equipment being exposed to the elements (weather), they must be maintained in a good condition for the safety of everyone on the complex. If you fail to comply with maintenance, the council may request repairs and maintenance on a regular basis (12 months), or the removal of the installed fittings/equipment. Compliance must be within 30 days of receipt of the Council order for removal.

I _____ have submitted this recent form and supplied a true and accurate description of the propose fitting/equipment to be installed. Any variation to the original type/model or installation details requested would need to be submitted to the Council for approval. I hereby agree to Item 6 and 7 of this approval notice and I commit that at all times I will maintain the installation/ fittings and equipment in good order.
